

Kitsap County School Districts

State law largely determines the operation of local school districts. Article IX of the Washington Constitution declares *“it is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex”*

There are six K-12 school districts within the boundaries of Kitsap County. School District elections are in odd-numbered years. Directors are elected to 6-year terms, unless they are filling the remainder of a term or a vacancy. All races are nonpartisan. Directors are sworn in during the first meeting after the election is certified.

Bremerton School District #100-C
