

VOTE! *Our DEMOCRACY Depends on It*

WITHOUT VOTING, DEMOCRACY CANNOT EXIST.

The League of Women Voters of Kitsap's Voter Services Committee focuses on three key areas related to voting: voter registration, voter forums, and Get Out the Vote campaigns.

Voter Registration

Many of our League members participate in voter registration drives. Throughout the year, we go to locations (such as high schools, farmers markets, college campuses, libraries, the Salvation Army, etc.) to register voters and help people update their voter registration data.

Get Out The Vote

Before elections, many of our League members participate in Get Out the Vote campaigns. You'll see us with our signs on busy corners, near the ferry as it unloads, and walking around the local college campus, all to remind voters to send in their ballots.

Voter Forums

Before primary and general elections, we sponsor informative voter forums. We invite candidates to answer questions from the public, and we invite experts to debate the pros and cons of certain ballot initiatives. The forums, **see pages 2 & 3**, typically are recorded; we post these recordings on our website afterwards.

About the League of Women Voters of Kitsap

Vision Statement: The League of Women Voters envisions a democracy where every person has the desire, the right, the knowledge and the confidence to participate.

- * **The League of Women Voters of Kitsap** — We have been active since 1962 and currently have 155 members from all across Kitsap County.
- * **Non-Partisan** — As an organization the League does not support or oppose political parties or candidates.
- * **Political** — The League does take action on selected governmental issues based on a firm foundation of careful study. As soon as a new issue is chosen by the membership we go after the facts. We draw on a variety of pro/con materials, develop our own resources, turn to experts and public officials for information, directly observe facilities and institutions and draw the community into the decision-making process through public meetings, surveys and media coverage.
- * **Committed** — The League is dedicated to encouraging informed citizen participation in the political process.
- * **Grassroots** — Our members study all viewpoints and come to consensus before taking action on an issue.
- * **Citizen Action** — The League is a volunteer, member directed organization. Any person of any gender older than 16 may become a member.
